One-to-One and small group meetings

Meet the World's Top Business Schools, One-to-One.

Advance your career with the world's most internationally recognised business degree: the MBA. The Access MBA Tour returns to Vienna with top ranking MBA programs.

Founder of the One-to-One concept in 2003, the Access MBA Tour offers the unique chance to learn more about international MBA programmes by meeting Admissions Directors on an individual basis. After registering online, prospective MBA students are matched with the participating business schools that meet their criteria and expectations. The 20-minute meetings with school representatives are scheduled both before and at the event.

The One-to-One tour is a selective and personalised series of events designed to help business professionals find the right MBA programme. Our consulting team and GMAT partners provide advice and detailed information about how to be admitted to the best international business schools. With Access MBA, each candidate receives personalised attention and individual guidance.

Registration is mandatory for One-to-One and small group meetings, and early registration is recommended.
